Join us for an open house!

UW Pharmacology, with the help of the Admissions Committee and Diversity Committee, is hosting two virtual (Zoom) Open Houses on October 19th and November 9th from 9AM-12PM for potential PhD program applicants. Join us to learn more about our department, and how to apply!

Why Pharmacology?
Pharmacology utilizes cellular and molecular biology, biochemistry, structural biology, biophysics, genetics, physiology, and neurobiology as tools to design and discover new therapeutics and to better understand what happens when the human body is in a disease state.

Schedule

09:00 AM - 09:15 AM - Opening remarks from Department Chair, John D. Scott Ph.D.
09:15 AM - 10:00 AM - Admissions panel discussion
10:00 AM - 10:30 AM - Presentation and Q&A with Graduate Opportunities and Minority Achievement Program (GO-MAP)
10:30 AM - 11:00 AM - Panel with students on student life at UW and living in Seattle
11:00 AM - 12:00 PM - Breakout rooms with research topic emphasis
