

Winter Quarter 2024

UW PHARMACOLOGY GRADUATE STUDENT NEWSLETTER

CONGRATULATIONS, Sarah Malik!

Sarah's first-authored paper (a review), titled [*Pancreas and islet morphology in cystic fibrosis: clues to the etiology of cystic fibrosis-related diabetes*](#), was recently published and is available on PubMed.

Fantastic job, Sarah!

DEPARTMENT NEWS

The Pharmacology EDI Committee will be hosting an EDI Open House event on Monday, January 8, 2024, at 12:45 PM in room K-069. We hope you can attend to learn more about their initiatives and how you can be a member of the committee. A flyer with more information and a QR code to RSVP will be sent to the department via email.

As mentioned in our Autumn newsletter, the department is undergoing a 10-year graduate program review. In early December, the detailed self-study was submitted to the Graduate School Program Review administrative team. The self-study covers all aspects of the department, including teaching, mentorship, and research. A site visit from the Graduate School Program Review Committee will be on Monday, February 5th, and Tuesday, February 6th. We will share more details with you at the upcoming Graduate Student Townhall.

In regards to the Graduate Student Townhall, we also plan to give you updates on recruitment and address any questions or concerns you might have. Our PSA reps might have contacted you about your availability to meet - as soon as we have the date and time arranged, an email will be sent to everyone.

Need a reimbursement, help with travel, need to reserve K-550 or D-423, etc...?
Please refer to our [Administrative Roles and Responsibilities Matrix](#) for assistance.
