

Help Us Keep Our Community Current!

Is your website profile up to date, or would you like to add your profile to our website?

We're refreshing our online department directory, and we need your help to ensure we're highlighting the most accurate and engaging information about our community.

Your profile is often the first place colleagues, students, collaborators, and external partners learn about you. A quick update can help us showcase your latest work, roles, and accomplishments—and make sure you're represented exactly how you want to be.

Take a moment to review your profile. Download our Department Website Profile Form and submit any updates to phcol@uw.edu.

Important Reminders

Registration for Spring Quarter opens on Thursday, February 12th.
Contact Debbie for course Add Codes, if needed.

2nd year Graduate Students: Please don't forget to schedule your first committee meeting.
Contact Debbie for room reservations and additional information.

4th–6th year Graduate Students: Please don't forget to schedule your Annual Review, if you haven't already done so.
Contact Debbie for room reservations and additional information.

Help us make Pharmacology Friday even better!

If you have announcements, achievements, or suggestions for future newsletters, please email phcolnew@uw.edu and use the subject line: Pharmacology Friday.

Submissions received by Thursday will be considered for that week's newsletter. Together, we can keep our community informed and connected.
