

PHARMACOLOGY FRIDAY FEBRUARY 13, 2026

Thank You for a Successful 2026 Graduate Recruiting Event

Thank you to everyone who contributed to this year's 2026 graduate student recruiting event. Your time, energy, and thoughtful engagement made the event a genuine success. From faculty interviewers and student ambassadors to staff who managed the countless logistics behind the scenes, each of you played an important role in creating a welcoming and informative experience for our candidates.

Early feedback has been overwhelmingly positive, and our applicant pool shows tremendous promise. It's clear that the strength of our community—your enthusiasm for our program, your willingness to share your work, and your commitment to supporting the next generation of scientists—left a lasting impression. Thank you again for helping us put our best foot forward. I'm grateful for your partnership and excited for what this incoming cohort may bring.

We extend warm wishes to our colleagues and community members observing Lunar New Year and the beginning of Ramadan.

Upcoming Events

Wednesday, February 18, 2026 – 10:00
