

PHARMACOLOGY FRIDAY JANUARY 9, 2026

Did you know?

New Civil Rights Training Launches January 13

Action: Please watch your email for the course link and complete the course promptly. Starting January 13, all employees (faculty, staff, postdocs, students, etc.) will be assigned the new Understanding Civil Rights course in Workday Learning. This 20-minute training introduces the University's civil rights policies and practices, with a focus on protections related to race, color, and national origin. Completion of this course is part of the University's compliance with a U.S. Department of Education resolution agreement.

Traveling outside of the U.S.?

Register your trip with the UW Office of Global Affairs. All students and UW employees (faculty, staff, and postdocs) traveling internationally on official UW business are required to register their travel with the Office of Global Affairs prior to their trip. Registration only takes 2-3 minutes.

For further details, please see the Trip Authorization & Registration page. [REGISTER HERE](#).

Upcoming Events

Announcements & Reminders

New Calendars for K521 and H509 autoclaves

The Neurobiology and Biophysics department is excited to share the new calendars for the 5th-floor autoclaves.

Use these links to check availability:

- [H509 Autoclave](#)
- [K521 Autoclave #1](#)
- [K521 Autoclave #2](#)
- [K521 Dishwasher #2](#)

To reserve time on an autoclave:

- Create a new calendar event in your personal Outlook or Google calendar.
- Invite the autoclave as an attendee using its unique resource email address.

Resource Email Addresses:

- Autoclave H509: r_nbio.autoclaveh509@resource.washington.edu
- Autoclave #1 (K521): r_nbio.auto1k521@resource.washington.edu
- Autoclave #2 (K521): r_nbio.auto2k521@resource.washington.edu
- Dishwasher #2 (K521): r_nbio.dish2k521@resource.washington.edu

New Autoclave and Dishwasher in E427

We've added a new autoclave and dishwasher in Room E427, currently undergoing final testing. They will be available for use soon.

For the initial period, these units will operate on a first-come, first-served basis to help us identify and resolve any issues. After this trial phase, reservations will follow the same process as the NBIO autoclaves described above.

Help us make Pharmacology Friday even better! Share your news, events, or ideas by emailing phcol@uw.edu with the subject line: Pharmacology Friday.
